Report on the resolutions of the Board of Directors' Meeting No. 3/2060

To: Director and Manager
The Stock Exchange of Thailand

Enclosure: Information Memorandum on the Acquisition of Assets and Connected Transaction

THAI CAPITAL CORPORATION PUBLIC COMPANY LIMITED (hereinafter referred to as "the Company" or "TCC") hereby reports the resolutions of the Board of Directors' Meeting No. 3/2017 ("BOD") held on April 17, 2017 at 11.00 am at 87/2 CRC Tower, 45th Floor, All Seasons Place, Wireless Road, Lumpini, Pathumwan, Bangkok 10330 to the Stock Exchange of Thailand ("SET") as follows:

1. BOD has resolved to establish a subsidiary company named Chai Market Company Limited ("CMC"). The Company shall hold 100.00% of total issued and paid up share capital by April 30, 2017 with the initial registered capital of Baht 400,000,000.00, divided into 40,000,000 ordinary shares at the par value of Baht 10.00 per share. At the date of incorporation of CMC, the Company will pay the registered capital of CMC in the amount of Baht 252,000,000.00, divided into 40,000,000 ordinary shares at the par value of Baht 6.30 per share in order to:

- 1) sign the Sale and Purchase Agreement in respect of land and constructions thereon ("the Agreement") at the amount of Baht 600,000,000.00, divided into land value of Baht 450 million and constructions value of Baht 150 million, between CMC and Far East Knitting & Spinning Company Limited ("FAR EAST") for an acquisition of land of approximately 106 rai 1 ngan 32 square wah (or 106-1-32 rai) with 11 units of constructions. CMC shall place a deposit in the amount of Baht 250,000,000.00 within 7 days from the date of the Agreement signing (CMC will sign the Agreement by May 7, 2017). The deposit is divided into a deposit for the land of Baht 190 million and a deposit for the constructions of Baht 60 million. The aforementioned land and constructions are located near Nakhon Chaisri Intersection (highway intersection No. 3323), in approximately 5 kilometers distance, and the Nakhon Chaisri Junction (Highway 91 or Nakhon Pathom - Cha-am intersection), in approximately 10 kilometers distance; and
- 2) have CMC invest in a modern agricultural wholesale market under the project name of Nakhon Chai Si Market in the amount of Baht 190,000,000.00 (the development cost of Nakhon Chai Si Market,

according to the Feasibility Study Report prepared by Modern Property Consultants Company Limited, which was presented to KPP Development Company Limited as a main consultant to the Nakhon Chaisri Market project, is approximately Baht 189.82 million), and the project development duration, including decoration and construction, for the Nakhon Chaisri Market to be ready for operation is approximately 1 year.

However, the signing of the Agreement to acquire land and constructions thereon in the amount of Baht 600,000,000.00 and the development cost of Nakhon Chai Si Market project of not greater than Baht 190,000,000.00, totaling Baht 790,000,000 by CMC is considered the acquisition of assets of a subsidiary of a listed company with the highest transaction size of 86.22% of its total assets (the total assets of the Company according to the consolidated financial statements for the year ended 31 December 2016 which have been audited by a certified public accountant equals Baht 916,213,958.18) in accordance with the Total Value of Consideration criteria. To enter into the transaction, it is required approval by the shareholders' meeting with a vote of not less than three-fourths of the total number of votes of the shareholders attending and eligible to vote on the basis that the subsidiary (CMC) of the listed company acquires an asset with the size of transaction of 50.00% or higher but less than 100.00%, which is considered as a Class 1 transaction according to the Notification of the Capital Market Supervisory Board No. Tor Jor. 20/2551 Re: Rules on Significant Transactions Related to the Acquisition or Disposition of Assets dated August, 31 2008 (and amended version) and the Notification of the Stock Exchange of Thailand Re: Disclosure of Information And the practice of Listed Companies in the Acquisition or Disposition of Assets 2004, dated October, 29 2004 (and amended version) (collectively referred to as "Notices on Acquisition or Disposal).

In addition, the signing of the Agreement to acquire land and constructions thereon in the amount of Baht 600,000,000.00 with FAR EAST is considered a connected transaction According to the Notification of the Capital Market Supervisory Board No. Tor Jor. 21/2551 Re: Connected Transaction Rules (and amended version) and the Notification of the Stock Exchange of Thailand on Disclosure of Information and Other Acts of Listed Companies Concerning the Connected Transactions BE 2546 (and amended version) (collectively referred to as "Notices on Connected Transaction") with the transaction size of 82.54% of the net tangible assets (calculated from the value of land and constructions thereon of Baht 682,900,000.00 divided by the net tangible assets of the Company which, according to the consolidated financial statements for the year ended 31 December 2016 which have been audited by a certified public accountant, equals Baht 827,357,101.10 whereby the value used in the calculation of the transaction size is market value based on the appraisal value of Premier Appraisal and Law Company Limited, which is the highest value from the comparison between 1) value of the consideration paid in

the amount of Baht 600,000,000.00 2) the market value from the appraisal by Premier Appraisal and Law Company Limited in the amount of Baht 682,900,000.00 and 3) the market value from the appraisal by PYN Building Inspector and Appraisal Company Limited in the amount of Baht 681,100,000.00. In addition, the value of the transaction does not include project development costs given that the Company does not pay such costs to the connected persons). Due to the fact that the size of the transaction is greater than Baht 20.00 million or 3.00% of the Company's net tangible assets under the Notices on Connected Transaction, the Company is required to submit the information memorandum regarding the Transaction and disclose the information to SET and the shareholders as prescribed in the Notices on Connected Transaction, as well as a vote of not less than three-fourths of the total number of votes of the shareholders or the proxies (if any) attending and eligible to vote at the meeting, excluding the votes of the shareholders having an interest in such agenda.

To comply with the Principles of Good Corporate Governance, the company has set the conditions precedent and other conditions deemed flexible for CMC as follows:

- 1) The transaction must be approved by the Extraordinary General Meeting of Shareholders No. 1/2017, which will be held on June 29, 2017, with the votes of not less than three-fourths of the total number of votes of the shareholders or proxies (If any) attending the meeting and eligible to vote, excluding the votes of the shareholders having an interest in such agenda.
- 2) In the event that the Annual General Meeting of Shareholders No. 1/2017, held on June 29, 2017, does not approve the acquisition of the land and constructions thereon in the amount of Baht 600,000,000.00 between the Company and FAR EAST, a connected person, and the investment in Nakhon Chaisri Market Project development costs of not greater than Baht 190,000,000.00, totaling not greater than Baht 790,000,000, FAR EAST must refund all deposit in the amount of Baht 250,000,000.00 together with an interest at the rate of 7% per annum to CMC without any conditions within 7 days from the date the shareholders or proxies (if any) resolved not to approve the aforementioned agenda.
- 3) In the event that the conditions precedent have been fulfilled but the Company or CMC decides not to enter into the transaction, the Company or CMC will not have to pay any fine or penalty to FAR EAST in all cases and FAR EAST must refund all deposit in the amount of Baht 250,000,000.00 to CMC without any conditions within 7 days from the date that CMC notifies FAR EAST on the Agreement termination in writing.
- 4) The Company will enter into such transaction after the approval of the Extraordinary General Meeting of Shareholders No. 1/2017, which will be held on June 29, 2017, when the condition precedent specified in the Agreement becomes effective. In the event that FAR EAST cannot fulfill the conditions precedent within the duration specified in the Agreement, CMC can terminate the

Agreement and FAR EAST must refund all deposit in the amount of Baht 250,000,000.00 together with an interest at the rate of 7% per annum to CMC without any conditions within 7 days from the date that CMC notifies FAR EAST on the Agreement termination in writing.

In the event that the Extraordinary General Meeting of Shareholders No. 1/2017, which will be held on June 29, 2017, resolved not to approve the aforementioned agenda, the Company will continue to operate its former business being energy (Coal and steel), food and beverage (ice cream), and asset management. However, CMC will continue to invest in the related business of the modern agricultural wholesale market in accordance with the company's objectives registered with the Ministry of Commerce.

2. BOD has resolved to approve the appointment of AEC Securities Public Company Limited as an Independent Financial Advisor ("IFA") to provide opinion on the acquisition of land of 106-1-32 rai with 11 units of constructions as well as investment in Nakhon Chaisri Market Project development costs, and the connected transaction with FAR EAST.
3. BOD has resolved to approve the amendment to the Company's Articles of Association as follows:
 - 1) by correction of Section 7: Additional Provision, to be Section 7: Supervision and Management of Subsidiaries and Associated companies with 3 Articles: 49, 50, and 51
 - 2) add Section 8: Additional Provision and bring Article numbers 49 and 50 per former Articles of Association to be Article numbers 52 and 53, respectively,in order to comply with the criteria of the Office of the Securities and Exchange Commission on the Articles of Association of the Holding Company.
4. BOD has resolved to hold the Extraordinary General Meeting of Shareholders No. 1/2017 on June 29, 2017 at 10.00 am at Infinity Room, 7th Floor, AETAS Lumpini, 1030/4 Road Rama IV, Thung Maha Mek, Sathorn, Bangkok to consider and approve the following agenda:
 - Agenda 1: Matters for acknowledgement by the Chairman
 - Agenda 2: To consider and certify the Minutes of Annual General Meeting of Shareholders for 2017
 - Agenda 3: To consider and approve the amendment of the Company's Articles of Association on Supervision and Management of Subsidiaries and Associated Companies
 - Agenda 4: To consider and approve the acquisition of assets and connected transaction
 - Agenda 5: Other matters (if any)

5. It was resolved to set Record Date (for the benefit of determining the names of shareholders who can attend the Extraordinary General Meeting of Shareholders No. 1/2060) on May 15, 2017. To compile the list of shareholders under Section 255 of the Securities and Exchange Act BE 2535 by closing the share register on May 16, 2017.

Yours Sincerely,

(

Kamphol Patana-anukul)

- Valuation Criteria of an Independent Appraiser

The independent appraiser has applied the asset appraisal criteria according to the professional standards of The Valuers Association of Thailand and Thai Valuers Association. By valuing this property, the valuation criteria was used to determine its market value to estimate the value of a property in its present condition. The market value is the monetary value, which is estimated as the price of the property that can be used in the sale and purchase between willing sellers and willing buyers at the valuation date under normal trading conditions where buyers and sellers have no mutual benefit. The property has been offered for a reasonable period of time and both parties have carefully dealt with knowledge and without pressure. It is also assumed that the complete transfer of legal right to the property can be achieved.

In selecting the asset appraisal method, PYN Building Inspector and Appraisal Company Limited and Premier Appraisal and Law Company Limited, an independent appraisers hired by the Company, examined and considered various factors related to the assets by choosing a appraisal method deemed appropriate to the nature of the assets which was Cost Approach. Such method is the appraisal by mainly considering the cost of development of the assets because the assets have unique characteristics and forms that are different from the other general buildings, by separating the value of land and constructions at its present condition (cost of construction anew less depreciation).

Remark: ^{1/} The Independent appraisers and the engineering inspector use different building sequence numbers and reference building names. Considering the floor plans of the three companies, it was found that they are similar in buildings and areas

^{2/} Independent Appraiser, PYN Building Inspector and Appraisal Company Limited and Premier Appraisal and Law Company Limited used reference appraisal price from The Valuers Association of Thailand (VAT) 2016 with depreciation of 3.00% per annum

^{3/} The engineering inspector, Safecon Inspection Company Limited used reference appraisal price determined by the Appraisal Foundation of Thailand. (Public Utility) with the construction of the original purpose (knitting and spinning factory) and construction of the new purpose (agricultural wholesale market). Both of the construction costs are the cost approach appraised with no depreciation according to the depreciated replacement cost determined by the standard and profession of asset appraisal in Thailand Sponsored by the Securities and Exchange Commission effective from year 2005 onward

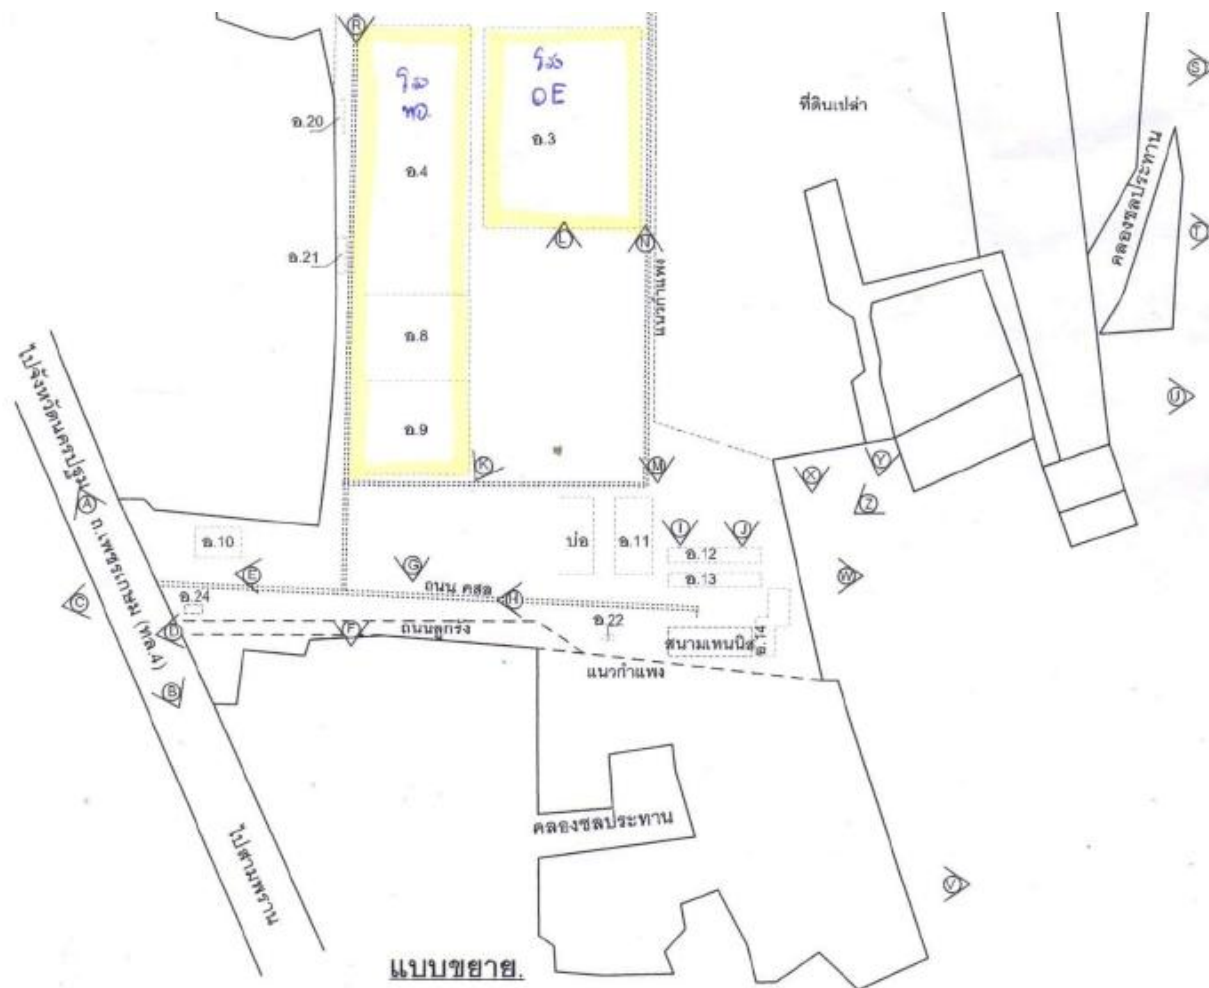

^{4/} The buildings that will be developed as Nakhon Chai Si Market, according to the Feasibility Study Report prepared by Modern Property Consultants Company Limited, which was presented to KPP Development Company Limited as a main consultant to the Nakhon Chaisri Market project, consist of Building 1, Building 2, Building 3 and Building 4 (refer to the building plan of PYN Building Inspector and Appraisal Company Limited

^{5/} Report on the results of the buildings inspection and appraisal of Safecon Inspection Co., Ltd., dated March 31, 2017, was prepared to inspect and appraise the condition of 4 factory buildings of FAR EAST with aims to (1) explore the remaining life of the buildings according to its original purpose (knitting and spinning factory) and the new purposes (Agricultural Wholesale Market); and (2) appraise replacement cost of the buildings according to its original purpose (knitting and spinning factory) and the new purposes (Agricultural wholesale market).

- Opinion of Premier Appraisal and Law Company Limited,

The assets appraised consist of land and 11 units of construction with land area of 106-1-32.0 Rai (or 42,352.0 sq.wah) located at 79 Moo 2, Petchakasem Road, Tambon Tha Kham, Amphoe Nakhon Chai Si, Nakhonpathom. The surrounding area is a community district. The transportation is convenient. There are complete basic utilities. Development potential and growth trend is moderate.

Based on a survey of the market data and buying and selling of land in Nakorn Chai Si area. (On Petchkasem Road) and nearby area, it is found that the price level is between Baht 6,000.00 - 40,000.00 per square wah, depending on factors such as location, land condition, environment, and pricing offering. Therefore, in appraising the value of assets, the appraiser used the information that is similar the asset and adjusted by Weighted Quality Score (WQS) to determine the value of the property.

1.3.2 Calculation of transaction size and the criteria adopted in determining total value of consideration

On April 17, 2017, the signing of the Agreement to acquire land and constructions thereon in the amount of Baht 600,000,000.00 for an acquisition of land of approximately 106 rai 1 ngan 32 square wah (or 106-1-32 rai) with 11 units of constructions, and the development cost of Nakhon Chai Si Market Project of not greater than Baht 190,000,000.00, totaling Baht 790,000,000 by CMC is considered the acquisition of assets of a subsidiary of a listed company with the highest transaction size of 86.22% of its total assets (the total assets of the Company according to the consolidated financial statements for the year ended 31 December 2016 which have been audited by a certified public accountant equals Baht 916,213,958.18) in accordance with the Total Value of Consideration criteria. To enter into the transaction, it is required approval by the

shareholders' meeting with a vote of not less than three-fourths of the total number of votes of the shareholders attending and eligible to vote on the basis that the subsidiary (CMC) of the listed company acquires an asset with the size of transaction of 50.00% or higher but less than 100.00%, which is considered as a Class 1 transaction according to the Notification of the Capital Market Supervisory Board No. Tor Jor. 20/2551 Re: Rules on Significant Transactions Related to the Acquisition or Disposition of Assets dated August, 31 2008 (and amended version) and the Notification of the Stock Exchange of Thailand Re: Disclosure of Information And the practice of Listed Companies in the Acquisition or Disposition of Assets 2004, dated October, 29 2004 (and amended version) (collectively referred to as "Notices on Acquisition or Disposal). The Company has to appoint an Independent Financial Advisor ("IFA") to provide opinion on reasonableness and benefit of the transaction, the fairness of the price, and the conditions concerned with the transaction to the shareholders to consider and approve such transaction. The size of transaction can be calculated as follows:

In: Baht million

Calculation Criteria	Formula and Method of Calculation	Transaction Size (%)
Net Tangible Asset Value (NTA) ^{1/}	Cannot be calculated due to the fact that the aforementioned acquisition of an asset is not an investment in a company	-

1.3.4 Value of the acquired assets

The Company has appraised the developments costs and additional constructions costs (collectively called " Project development costs") to acquire the land of approximately 106 rai 1 ngan 32 square wah (or 106-1-32 rai) with 11 units of constructions and make the ready for operation as an agricultural wholesale market. The Company hired KPP Development Company Limited according to the service agreement dated December 6, 2016 where KPP Development Company Limited hired Modern Property Consultant Company Limited to collect information on project development costs such as facility development, land filling, building improvement, etc. with the details as follows:

In: Baht

No.	Item	Costs
1.	Land of approximately 106 rai 1 ngan 32 square wah (or 106-1-32 rai) ^{1/}	450,000,000
2.	11 units of construction ^{2/}	150,000,000
3.	Development costs of utilities and facilities ^{1/}	63,442,400

No.	Item	Costs

7.	Interest paid during the construction ^{1/}	25,000,000
Total Costs		789,824,764

Remark: ^{1/} Total value of the land of approximately 106 rai 1 ngan 32 square wah (or 106-1-32 rai) with 11 units of constructions are referred to from the sale and purchase agreement ("the Agreement") between CMC and FAR EAST which will be signed within May 7, 2017.

^{2/} Construction costs, improvement costs, and operating costs incurred during construction were based on design documentation and construction cost estimates in the Feasibility Study Report prepared by Modern Property Consultant Company Limited

1.4 Net profit after tax and special item that is part of the asset purchased 2 years before the transaction.

- None - due to the fact that the acquisition is not the acquisition of investment in a company. There is no net profit after tax or special item that is part of the asset purchased 2 years before the transaction.

1.5 Expected Benefits for a Listed Company

The acquisition of land and buildings from FAR EAST will result in the Company being able to develop such assets into an agricultural wholesale market. Since the Company has a large amount of cash and cash equivalents for investing in new businesses, while the Company still has sufficient working capital for its current operations. This is in line with the Company's strategy, that is, the Company will diversify its investments into various businesses to seek opportunities and make profits to achieve its goals. According to the feasibility study report on the development of a project by Modern Property Consultant Company Limited, presented to KPP Development Company Limited as a consultant to the Nakorn Chai Si Market Project, the project has high potential due to the following factors: The location of the project is convenient in transportation. In addition, the demand for agricultural products in the world market is likely to increase due to the increasing population, resulting in the current inadequate demand of agricultural wholesalers. In addition, the existing 4 buildings, with a total area of 35,102 square meters, are still available and can be developed at a relatively low cost.

1.6 Source of fund and conditions that may affect the rights of shareholders

Source of fund of CMC to be used in the Project is as follows:

Source of fund for use in project development	Amount (Baht)	Conditions that may affect the rights of shareholders
Loan from financial institution ^{1/2/}	400,000,000	None
Working capital of the Company ^{3/}	389,824,764	None
Total	789,824,764	

Remark: ^{1/} CMC will apply for loans with financial institutions as soon as the Extraordinary General Meeting of Shareholders No. 1/2017 approves the transaction. While the Company is studying the feasibility study report of the Nakhon Chai Si Market Project prepared by Modern Property Consultant Company Limited, to be presented to KPP Development Company Limited, as the consultant of the project, the Company has prepared for loan application by CMC. Therefore, the Company believes that there will be no loan conditions that affect the rights of shareholders. In case that CMC submits the complete loan application, the time taken by financial institutions to consider and approve the loan shall not be longer than 3 months.

^{2/} CMC will mortgage all assets acquired in the transaction comprising land and 11 units of construction thereon for the loan from financial institutions that will be used to invest in Nakhon Chai Si Market Project. The loan period is estimated to be about 6 years (starting in 2017 and ending in 2022) and has financial cost which is capitalized at the rate of 6.25% per annum under the assumption of debt and capital structure specified in the feasibility study report of the project prepared by Modern Property Consultant Company Limited, to be presented to KPP Development Company Limited, as the consultant of the project,

^{3/} Cash payment for share in the amount of Baht 252,000,000.00 million by TCC as of the incorporation date of CMC, which is within April 30, 2017 and the cash payment of the remaining amount of ordinary share of Baht 148,000,000.00 million according to the debt and capital structure used for loan petition determined by the financial institution that grants the loan

1.7 The conditions required by the Stock Exchange of Thailand ("SET") and / or the conditions to be approved by the shareholders' meeting, whatever the case may be)

The conditions required by the Stock Exchange of Thailand ("SET") and / or the conditions to be approved by the shareholders' meeting, whatever the case may be) are as follows:

Conditions Precedent 1) The transaction must be approved by the Extraordinary General Meeting of Shareholders No. 1/2017, which will be held on June 29, 2017, with the votes of not

less than three-fourths of the total number of votes of the shareholders or proxies (If any) attending the meeting and eligible to vote, excluding the votes of the shareholders having an interest in such agenda.

- 2) In the event that the Annual General Meeting of Shareholders No. 1/2017, held on June 29, 2017, does not approve the acquisition of the land and constructions thereon in the amount of Baht 600,000,000.00 between the Company and FAR EAST, a connected person, and the investment in Nakhon Chaisri Market Project development costs of not greater than Baht 190,000,000.00, totaling not greater than Baht 790,000,000, FAR EAST must refund all deposit in the amount of Baht 250,000,000.00 together with an interest at the rate of 7% per annum to CMC without any conditions within 7 days from the date the shareholders or proxies (if any) resolved not to approve the aforementioned agenda.
- 3) The Company will enter into such transaction after the approval of the Extraordinary General Meeting of Shareholders No. 1/2017, which will be held on June 29, 2017, when the condition precedent specified in the Agreement becomes effective. In the event that FAR EAST cannot fulfill the conditions precedent within the duration specified in the Agreement, CMC can terminate the Agreement and FAR EAST must refund all deposit in the amount of Baht 250,000,000.00 together with an interest at the rate of 7% per annum to CMC without any conditions within 7 days from the date that CMC notifies FAR EAST on the Agreement termination in writing.

Other Conditions

In the event that the conditions precedent have been fulfilled but the Company or CMC decides not to enter into the transaction, the Company or CMC will not have to pay any fine or penalty to FAR EAST in all cases and FAR EAST must refund all deposit in the amount of Baht 250,000,000.00 to CMC without any conditions within 7 days from the date that CMC notifies FAR EAST on the Agreement termination in writing.

1.8 Explanation on why the Company shall not be an entire shareholder in the connected person, and to specify measures to prevent conflicts of interest that may arise in the future

In 2015 and 2016, the Company had connected transactions with FAR EAST being normal business transactions, by selling the goods to FAR EAST through the Company and TCCE, a subsidiary that operates import and distribution of coal. The sale of coal to FAR EAST by the Company and TCCE was considered normal business operation, was in line with the general trading conditions, and at the proposed price with comparison with other suppliers. The selling prices were based on cost plus margin according to the market prices. In addition, the Company does not rely on its revenue from sale to FAR since total revenue from sale to

FAR EAST in each year was less than 5.00% of its total revenue from sale per its consolidated financial statements. However, this transaction is acquisition of land and constructions from the connected person to engage in non-core business of such connected person, which was in line with the Company's business strategy to diversify investment risks from its sole core company to the other core companies and/or businesses. As a result, there is no need for the Company to be a shareholder in FAR EAST in order to prevent future conflicts of interest, as the Company and FAR EAST engage in completely different businesses.

1.9 Opinion of the Board of Directors regarding the Transaction

The Board of Directors has considered and was of the opinion that the shareholders shall approve the investment in Nakhon Chai Si Market Project since the transaction is considered appropriate and is in line with the Company's business strategy to diversify its investment risk in a sole core company to other core companies and/or other businesses. The aforementioned land and constructions thereon can be developed into the wholesale market of agricultural products right away, in which CMC does not have to start the construction anew. In addition, the land and constructions are located in the location that is convenient to travel and has business potential. The aforementioned transaction with the connected person is considered more flexible than the transaction with outsiders for instance, full refund of deposit without conditions in the event that shareholders do not approve the transaction, and the company or CMC can decide not to enter into the transaction even if the shareholders have approved the transaction. Nevertheless, the investment in the aforementioned project may not be in line with the Feasibility Study Report due to certain uncontrollable external risk factors such as the delay or deviation from the plan of the development of transportation routes by government agencies, and / or discrepancies in demand and supply data in the feasibility study phase of the project due to the macroeconomic perspectives that may not be consistent with specific consumer behaviors. However, the Company has considered mitigating such risks by studying the customer demand survey to assess the level of interest in Nakhon Chai Si Market from the prospective entrepreneurs which are wholesalers in various wholesale markets throughout the country.
